

Fero wooden a-sync

18013 The Fero relax chair is equipped with a relax mechanism that has been especially developed for the care sector. The a-sync mechanism allows the backrest and legrest to be adjusted separately.

Support

- 4 beech laminated legs, connected to each other by means of solid beech support beams.
- 2 beech laminated armrests.
- Glued mortise and tenon joint.
- The sides are firmly connected to each other by means of a solid beech cross beam and a metal frame.
- The ergonomic front design of the armrests makes it easy to stand up or sit down.
- Comfortable rounded armrests of $\pm 7,5$ cm.
- Standard equipped with a dinner tray attachment.
- All edges and corners have been rounded.
- The legs are equipped with synthetic glides.

Seat

- Removable seat, made of a melaminated MDF board of 12 mm.
- Upholstered with fire-retardant foam in 2 different density zones to guarantee an excellent seat comfort.
- The rounded seat in front stimulates a fluent blood circulation.
- Comfortable seat height of 45,5 cm.
- The upholstery is finished with imitation leather and decorative stitching.

Backrest

- Made of an ergonomically preformed plywood shell of 12 mm.
- Upholstered with fire-retardant foam in 3 different density zones to guarantee an excellent seat comfort.
- Equipped with an adjustable and removable head/neck cushion.
- The upholstery is finished with imitation leather and decorative stitching.

Legrest

- Made of a plywood board of 10 mm. Upholstered with fire-retardant foam and finished with imitation leather.

A-sync mechanism

- Allows the backrest and the legrest to be adjusted separately.
- The backrest can be adjusted by means of a lever on the right side of the chair.
- A gas spring minimizes the necessary activation strength of the mechanism and ensures a continuous adjustment of the backrest.
- The legrest and seat can be easily adjusted by just pushing yourself off a little, without needing a lever.
- Optimal leg support, thanks to the telescopic legrest.
- When the chair is put in the seat position, the legrest is turned inwards so that you can stand up without any problem.
