

# Atlas Hospital

**07168** The Atlas Hospital, low model, is a compact bedside table that offers numerous storage possibilities thank to its optimal design.

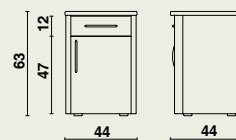

## Low model (storage cabinet, drawer)

- 2 side panels with a front lath, back, bottom, and a tabletop.
- The frame, door, and drawer fronts are made of light grey melaminated chipboard (thickness: 18 mm).
- The panels are connected to each other by means of wooden dowels and eccentric cams.
- The front posts have a melamine layer with an aluminium look.
- Storage cabinet with a removable shelf.
- High-quality self-closing hinges, opening up to 135°.
- Metal design handle.
- The removable drawer is made of metal sides, between which a wooden bottom and back have been attached. The drawer is finished with a wooden drawer front.
- The drawer is installed in the cupboard frame by means of high-quality steel rails with an end stop.
- The metal parts are protected by a light grey epoxy-coating.
- The tabletop has rounded corners and edges that are made of a melaminated chipboard of 18 mm.
- 4 adjustable glides.

## Dimension

**07168** | 44 x 44 x height 63 cm
