Square metal

The Square table combines design and elegance with functionality. The distinct line pattern adds the finishing touch.

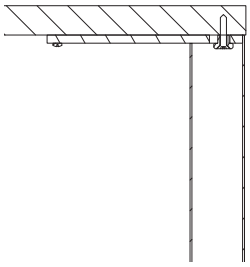

Support

- 4 square legs in metal 70 x 70 mm.
- Each leg is fixed to the tabletop by means of a metal support with a central hidden fastening.
- The underside of the tabletop has no side rails, so that a free height of 72 cm is always guaranteed.
- Wheelchair-accessible.
- The metal parts are finished with an epoxy-coating.
- The legs are equipped with synthetic glides.

Tabletop

- Made of stratified lightweight chipboard of 38 mm. The lightweight panel weighs 30% less than standard chipboard panels and has a density of 450 kg/m^3.
- Finished with a HPL layer.
- The table edges are finished in accordance with the choice of the tabletop (with a PVC layer or a veneered layer protected by a coat of varnish).

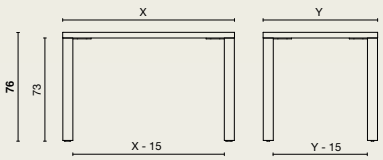

Central hidden fastening.

Colours

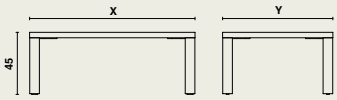

We would like to refer to our extensive colour gamut.
Sample card + samples available on request.

Dimensions

Square table | height 76 cm

Square coffee table | height 45 cm

X (cm)	Y (cm)
70	50
70	90
